EXPERIENCE

- 2004 - 2020: Over 15 years of experience in training and content development
- Willing to support associated business ventures, educational institutions, and start-ups

CORE SKILLSETS

- Office Automation: MS Office, Windows
- Content Development: Articulate Suite, Lectora
- Simulation Development: Captivate, UPK, uPerform, Camtasia
- ERP Support: SAP R/3, SFDC

I am a training and content developer with over 15 years of experience. I have functioned in various roles in content writing, editing, design, project and team management, and have also contributed to recruitment operations.

I possess experience with different content development technologies, simulation applications, and some ERP systems. My experience in these roles also span different types of industries.

I seek to be independent in all activities, and can also function as part of a team. I am open to operating at any given role and capacity.
